SOLARWATT Panel classic AL 2.1 pure*

Best price-performance ratio

Solid quality with high performance

With the classic models, Solarwatt offers affordable, robust, high-performance solar modules of proven quality. They are durable and high-yielding as well as resistant to weather effects and environmental influences.

The classic-modules are produced on state-of-the-art production lines and meet the high Solarwatt quality standards. They will therefore generate solar power well beyond their warranty period.

The modules come with a solid twelve-year product guarantee.

* also available as a low carbon option with a particularly low CO₂ footprint (< 550 kg CO₂ eq / kWp).
